# YOU CAN ORDER your COAL by TELEPHONE?

#### THE TELEPHONE is the coal man's best salesman.

Many of his customers he never sees, for their orders come by wire and their checks by mail.

If you move into a new house or have an unexpected need of fuel, you can often save a day's time by telephoning your order.

In the mining and shipping of coal, the Bell Telephone has become an important factor. The wholesale markets and sources of supply are kept in constant touch with the Bell Long Distance Service and the danger of a coal famine greatly reduced.
